

## Birds

1. Within the last year must have had an exam including Choanal swab, Cloacal swab, and HCT.
2. Must have a negative Psittacosis test.
3. Since birds can be finicky, owners should bring their own food.
4. All new clients must have an exam by our doctor.
5. Exam is \$52.00 if tests need to be updated and \$26.00 if tests are current.
6. Birds may be boarded together when appropriate.

Prices for Swabs, HCT, Psittacosis See Prices	<a href="#">See Prices</a>

Board with **All Pets Veterinary Hospital** where your pet is cared for by Dr. S.S. Masood (DVM) and our veterinary assistants (not "kennel attendants"). Playtime for birds will take place in a closed room with a veterinary assistant. Owners may bring toys or request activities for the session. This is a great time to socialize your bird. Owners may also request for playtime to be held outdoors if the weather is nice. Birds must be in a cage for playtime outside but they will still be able to get some sun and enjoy the outdoors. They will be supervised by a veterinary assistant for the entire session.

### Time saving tip...

New clients please fill out the New Client Registration, Virginia Disclosure, and Boarding Agreement (dated for first day of boarding) and bring them with you.

Current clients please fill out the Boarding Agreement and bring it with you.
